

Game Film – 2018 Alberta Summer Games

Thanks to Football Alberta, this years Alberta Summer Games video is now free to all Coaches, Parents and Players.

Dave Foley and Rob Zittlau from ICU Video Productions Ltd., based out of Edmonton, videotaped all the games. Dave was at Wembley and Rob was at CKC Field.

All games were also uploaded to a Football Alberta U16 Hudl Account. Coaches then used the footage for breaking down their own team and their next opponent.

After the tournament, coaches can exchange the video to their own Hudl accounts as well.

As for the video that is on this Google Drive Folder, this can be viewed and or downloaded for FREE by any coach, parent or player.

If you post anything on You Tube, please courtesy ICU Video Productions for any video used. This is a common courtesy that TV stations use for footage that not their own and this also applies to You Tube.

Please be careful with the use of this footage on Google Drive. Somebody already deleted the first 8 games of the tournament. You can view and download any or all video, but if any of the footage is deleted again, then access rights will be downgraded and people will only be able to view, BUT not download.

Please consider the time and effort that went into getting all this video and we don't want to deny access to everyone because of the actions of anyone that would abuse these privileges.

Thanks again to Taylor Stiles from Football Alberta for this video to be available to everyone.
